

September 28, 2005

Dear Coach,

As I mentioned in my previous e-mails to you, I am committed to playing college field hockey and I am very interested in playing for Greenville State University. I have been following your season on your web site and I look forward to contributing to your program in the future. (Add congratulatory message if appropriate)

So far this season, I am a starting midfielder and team captain. My team's record is 3-2 after having played several tough local high school teams. I have contributed 4 goals and 9 assists even though I am generally assigned to defend my opponent's number one midfield player.

At the end of the season, I will send you a video/DVD of my season so you can see for your self my playing style.

Thank you for continuing to monitor my progress. I look forward to talking to you about your program in the near future.

Sincerely,

Karen Whitfield
