

December 7, 2005

Dear Coach,

To follow up the previous messages I have sent to you, I wanted to update you with my season ending statistics from my recently completed junior season. My Parkview High team went 7-2 in the very tough ABC Conference and we won the division. Overall, our record was 15-4 and we won our District Championship. We won games against powerful teams including Westview and Hicksome High and our only losses were to traditional powerhouses St. Mary's and Holy Trinity.

Personally, I was team captain and I played an attacking center midfield role but with defensive responsibilities to close down our opponent's best attacking player when they were attacking. I scored 11 goals, had 23 assists and only allowed my mark to score 3 goals all season.

My high school coach Vince Dooley is currently putting together a video highlight of my season which I will send to you as soon as it is complete. My club season also begins shortly and I shall again be playing for the Strikers Soccer Club who play a very tough schedule against many of the region's top select clubs.

I remain very interested in playing for the Fighting Bulldogs and I look forward to talking to you about program very soon. (if in your senior year, suggest a time and date that you will call the coach, then be sure to call them on time).

Sincerely,

Thomas (Tommie) Jacobson
